

## Composition:

Linseed (EU) | Camelia meal | Antioxidants

### Analytical data

Crude protein	27,50	%
Crude fat	25,50	%
Crude fiber	8,90	%
Crude ash	5,00	%
Dry matter	900	g
Omega 3 fatty acids	12,70	g
Omega 6 fatty acids	3,70	g
ME pig's/kg	17,36	MJ
ME poultry/kg	13,11	MJ
ME ruminant/kg	14,42	MJ
NEL/kg	13,64	MJ
Calcium	0,28	%
Phosphorus	0,67	%
Sodium	0,08	%
Magnesium	0,26	%
Potassium	0,97	%

FCA Approved

### Amino acid composition per kg:

Lysine	9,7	g
Methionine	5,1	g
Methionine + cystine	9,8	g
Threonine	10,06	g
Tryptophan	4,2	g

### Additives per kg:

Buthylhydroxytoluen (BHT)	187	mg
Butylated hydroxyanisole (BHA)	120	mg
Appearance	Extrudate, crumble	
Odour	Neutral/typical	
Colour	Light brown	
GMO-status	Free of genetically modified organism (Non-GMO) VLOG verified; small bags on demand	
GMP+ status	The feed delivered is GMP+ FSA assured	
Expiry date	6 months after production date	
Storage	Cool and dry	
Packing	1200 kg big bag on one-way-pallet	

This specification is based on valid terms of purchase and delivery. Any changes may only be made upon approval by our quality control manager. Information is without obligation and refers to the momentary state of affairs. It is the responsibility of the costumer to consider the appropriate laws and provisions.
